STANLEY® : everything you need to make your job faster, easier and better

Power Tools

Honoring a tradition of over 170 years meeting the needs of the Professional Tradesman, Stanley Black & Decker launches its new line of Stanley power tools.

Designed for the Professional Tradesman, STANLEY® power tools provide the durability and reliability to perform the most demanding tasks and available across a wide range of categories, STANLEY® power tools are your best choice.

STANLEY® power tools are also backed by the Stanley Black & Decker service network.

Brand, quality and service: a value proposal that is difficult to match.

Hand Tools

For over 170 years, STANLEY® hand tools have been synonymous with quality, durability, safety and design around the world.

The range of STANLEY® hand tools is designed for the most demanding carpentry, construction, mechanical, electrical and plumbing tasks.

Our tool manufacturing plants have been certified according to the ISO-9000 standard to ensure consistency in size, appearance and performance.

Our technicians use computerized techniques, controlling quality throughout the manufacturing process.

STANLEY® complements its line of hand tools with a broad and innovative range of metal, plastic and fabric storage solutions.

Accessories

A quality power tool requires quality accessories. Therefore, Stanley Black and Decker has developed a range of optimized accessories to maximize the performance and productivity of its new line of STANLEY® power tools.

Stanley accessories are designed for the most demanding jobs, where only a professional accessory can be used.

The STANLEY® range of accessories has products that are ideal for drilling, removing, fixing and cutting materials, for concrete, metal or wood applications.

Designed under the strictest quality controls and with the highest specification materials, STANLEY® accessories are definitely the best choice for the Professional Tradesman of power tools.

From hand tools to power tools and accessories, STANLEY® has a complete range to meet all the need of a Professional Tradesman
