SELF DRILLING SCREWS

4

Truss Phillips head (Wafer head)

Counter sunk (CSK) Phillips head

PAN Phillips head

Hex head with EPDM seal washer

SELF TAPPING SCREWS

8

Counter sunk (CSK) Phillips head

PAN Phillips head

CHIPBOARD SCREWS

10

Chipboard screws with pozi flat head

WOOD SCREWS

11

Hex Head Coach screws

Counter sunk (CSK) slotted head

Counter sunk (CSK) Phillips head

BLIND RIVETS

14

Aluminum blind rivets

FIXINGS

15

Expansion plugs

Expansion shield anchors (Fix-bolts)

Drop-in anchors

Through bolts (Wedge anchors)

Metal frame anchors

Ceiling wedge anchors

Ceiling wire hanger

NAILS

21

Black hardened steel nails

Hardened steel spiral nails

DRYWALL SCREWS FINE THREAD

Product

Drywall screws with fine thread and Phillips bugle head.

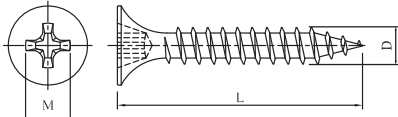

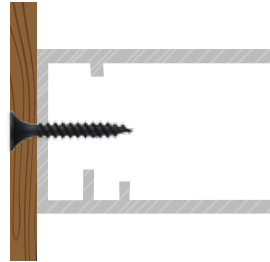

Material

Carbon steel

Application

For fixing of plaster board and gypsum board with light gauge metal sheet and steel studs.

SELF TAPPING SCREWS COUNTER SUNK (CSK) PHILLIPS HEAD

Product

Self tapping screws counter sunk (CSK) Phillips head

Material

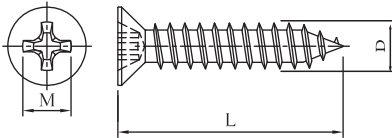

Carbon steel

Application

Self tapping screws create their own thread whilst being driven in to pre-drilled steel and plastic materials.

Suitable for electrical, mechanical, metal fabrication and assembly.

M16	120MM	24MM	25
M16	150MM	24MM	25

Installation:

METAL FRAME ANCHOR

Product

Metal frame anchor

Material

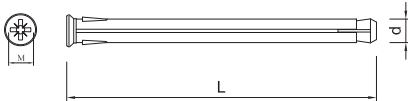

Sleeve: Steel Sheet Metal

Bolt: Carbon steel

Application

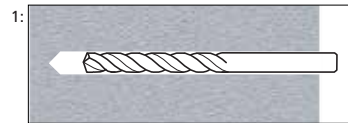

For fixing of windows and door frames.

SKU	COO	SURFACE
SF80301-5C	China	Zinc plated

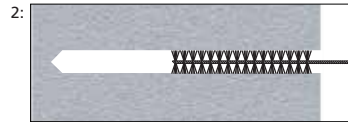

Size (D)	Length (L)	Recess (M)	Qty/Box (Pcs)
M10	72MM	PZ3	100
M10	92MM	PZ3	100
M10	112MM	PZ3	100
M10	132MM	PZ3	100
M10	152MM	PZ3	100

Installation:

Drill a hole with correct diameter and depth

Clean the drilled hole

Insert anchor and tap slightly with hammer

Tighten the anchor to the fixture until secure.

CEILING WEDGE ANCHOR

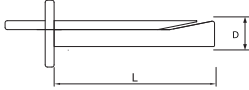

Product

Ceiling wedge anchor

Material

Carbon steel

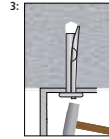

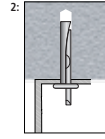

Application

For installation of lightweight ceiling and suspended ceiling.

SKU	COO	SURFACE	SIZE (D)	LENGTH (L)	Qty/Box (Pcs)
SF80601-1C	China	Zinc plated	6mm	40mm	100

Installation:

- 1: Drill a hole of required diameter.
- 2: Place the item to fixed on the surface of ceiling.
- 3: Insert anchor in drilled hole and hammer in the anchor.

CEILING WIRE HANGER

Product

Ceiling wire hanger

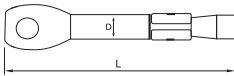

Material

Carbon steel

Application

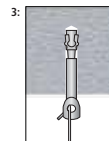

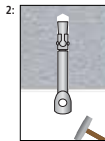

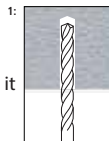

For installation of lightweight ceiling and temporary installations in concrete.

SKU	COO	SURFACE	SIZE (D)	LENGTH (L)	Qty/Box (Pcs)
SF80701-1C	China	Zinc plated	6mm	60mm	100

Installation:

- 1: Drill a hole of required diameter.
- 2: Hammer in the anchor.
- 3: When the eye of anchor is exposed to tension, it will expand in the material.

BLACK HARDENED STEEL NAIL

Product

Hardened steel nails with round head and diamond point

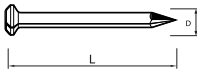

Material

Hardened steel

Application

Fixing soft and hard wood in concrete, brick, stone and masonry.

SKU	COO	SURFACE
